

# CONSTRUCTION CAREER DAY

October 1, 2019

Benton Franklin Fair & Rodeo Grounds

NAWIC (National Association of Women in Construction) with the support of our major sponsor, Tri-City Construction Council (TCCC) needs your help! Let's show the next generation of workforce the exciting and endless opportunities the construction industry can offer.

## How to Help!

- Equipment Donation - the most popular part of the event! The more equipment the better!
- Hands On Demonstration - be creative in your demonstrations and promote construction!
- Informational Booth - bring information on training or job opportunities!
- Volunteer - distribute, lead students through all activities, serve lunch, enjoy the excitement!
- Monetary Donation - we cannot hold this event without your support!

### WHAT'S COMING UP

Construction Career Day is right around the corner this October! At this event, local volunteers from different trades bring their heavy equipment to the local fairgrounds to introduce HS students to careers available in the construction industry. Students are able to try out the construction equipment in a hands on environment. Over 700 students participate in this event every year.

### HOW TO DONATE

Send your information to Erin's attention by September 15th to be included in the advertising.
